

AUSTRALIAN MADE **ALLOY BULLBAR** TO SUIT

FORD F150

TO SUIT 2024 FORD F150 XLT & LARIAT

WHY CHOOSE AN ECB ALLOY TWO POST WINCH BAR

Alloy Bullbars are made from a lighter weight material than your more traditional steel Bullbar. A lighter Bullbar will reduce the load on your vehicle's suspension, steering components and chassis. Safety is at the forefront of all ECB products with our engineering and design teams focused on incorporating all the safety features of modern vehicles into our products. All ECB products are ADR compliant and have been tested for Airbag Compatibility.

Made to last, Alloy is naturally resistant to rust and corrosion making them ideal for offroad conditions.

With conservative styling and available in either a polished or powdercoated finish you can select a Bullbar that will complement the styling of the vehicle and accessories you choose to fit. Whether that is playing off a chrome grille and mirrors or a more modern fully blacked out accent pack.

KEY FEATURES

RESEARCH & DEVELOPMENT

ECB prides ourselves on developing our products right here in Australia, giving us a direct connection between the research and development that goes in to designing our products, and the manufacturing team delivering the finished product.

Modern ECB products are developed and tested utilising;

- 3D Scan Data
- CAD Design Tools
- FEA Testing
- Safety Tech Integration Testing
- Pendulum Crash Testing
- Real World Vibration Logging

FINISH OPTIONS

POLISHED

A highly reflective polished finish traditionally associated with an Alloy Bullbar.

TEXTURA BLACK

A fine textured matte black finish. This sleek but rugged finish is the modern day standard in Bullbar finishes.

SILVER HAMMERTONE

Features a dimpled pattern that mimics the look of hammered or forged metal. This finish features a silver and black tone with a semi-gloss finish. This finish helps hide scratches, dents and other imperfections making it ideal for trucks and heavy use commercial vehicles.

BLACK RIPPLE

Features a glossy black presentation with a wave like ripple texture that sits mid way between the Textura Black and Silver Hammertone. Ideal for vehicles with gloss black accents.

WARRANTY

ECB Bullbars come with a Lifetime Warranty. Giving you the peace of mind that your Bullbar will be free of structural defects in both the materials and workmanship. For full details on ECB's Product Warranty & Consumer Guarantees visit ecb.com.au/warranty-information
