

TOYOTA 200 SERIES LANDCRUISER

"LEGENDARY"

Automotive Protection Equipment and Accessories

A tough 200 Series LandCruiser demands tough accessories, and ECB have the perfect products for the task. Whether your cruising the open road or engaging in some recreational rough stuff, wherever your Cruiser takes you, ECB has the right accessory to add style and sports appeal combined with safety and protection.

When it comes to protecting your 200 Series it's worth remembering that quality really counts. Genuine ECB products are manufactured from high tensile, structural grades of aluminium ensuring maximum performance, strength and protection.

From the sporty 76mm Nudge Bar up to the strength and reliability of an ECB Big Tube Winch Bar, you're sure to find a frontal protection bar that is styled to perfectly complement your Cruiser's lines and tough enough to withstand almost anything the urban jungle or nature can dish out.

Not only do ECB protection bars meet Australian Design Rules, each one is also covered by ECB's Exclusive Lifetime Warranty for complete peace of mind.

Whatever your requirements are, you can rely on ECB products for a distinctive individual style, true performance and great value for money.

When style, strength and quality are what you are looking for, Insist on genuine ECB products.

Built to Perform, Guaranteed to Last

BIG TUBE BAR
(with optional ECB bumper lights)
Mirror Polished Alloy

For the ultimate in frontal protection, you will find it hard to go past the strength, quality and style of the ECB Big Tube Bar and Big Tube Winch Bar for the latest 200 Series LandCruiser. Manufactured from high tensile, structural grade alloys, these bumper-over bars combine traditional engineering methods with revolutionary modern design to give you a true 'no compromise' solution to protecting your tough Cruiser. These tapered 6mm thick one-piece bumpers incorporate full width, braced 6mm thick lower protection skirts while specifically designed steel mounting systems ensures a neat and sturdy fitment.

As standard features, these bumper-over bars incorporate indicator/park light combinations, an aerial bracket, air directional cooling vents and spotlight mounting provisions. In addition to these standard features, the Big Tube Winch Bar can accommodate up to a 9,500lb winch and includes access points for winch controls. To ensure these bullbars do not inhibit any of the LandCruiser's existing bumper functions, bumper lights are available on selected bars, the original tow points are fully accessible and the bars practical design in no way inhibits the HID headlamp washers (on Sahara models). To complete a great looking performance product, choose from ECB's range of superior, low maintenance powdercoated finishes. A durable cost saving alternative to polishing.

76mm NUDGE BAR
Mirror Polished Alloy

76mm SERIES 2 NUDGE BAR
Mirror Polished Alloy

Great sports styling and bumper protection are just a few of the features of these modern and functional 76mm Nudge Bars for the latest 200 Series LandCruiser. Designed and manufactured in Australia to suit our harsh Australian conditions, these Nudge Bars are formed from high tensile alloy tubing and will never corrode or rust. Each ECB Nudge Bar is designed to suit each individual model; therefore you can be assured of an aesthetically pleasing, functional and reliable design. These LandCruiser Nudge Bars come complete with spotlight mounting tabs, and have been designed to allow access to the vehicle's original tow points. To ensure there is a finish to suit all tastes, these bars also come in a choice of polished or powdercoated alloy finishes.

The ECB 200 Series LandCruiser Roof Rack is a perfect accessory for when your Cruiser just has no more cabin space to spare. This all alloy, strong, lightweight design is safe and very reliable, and is supplied with robust stainless steel mounting brackets and fitting hardware. Designed and manufactured here in Australia to suit the rugged Australian lifestyle, this Roof Rack is designed to handle loads up to the Landcruisers maximum roof carrying weight of 200kg's. As it weighs in at less than 35kg's, this Roof Rack offers an amazing 165kg's of load carrying capacity! Available in a range of powdercoated finishes and manufactured with a wind deflector as standard, this Roof Rack for the 200 Series is a must have accessory for anyone needing to carry extra equipment.

SERIES 2 - SIX LEG ROOF RACK
