

Ford Ranger

Series PX

WORLD'S BEST ALLOY BULLBARS

Whether you're battling the bitumen or the bush ECB has a range of quality protection products for your Ford Ranger that are sure to suit your needs.

When it comes to protecting your Ford Ranger, it's worth remembering that quality really counts. Genuine ECB products are manufactured from high tensile, structural grades of aluminium, ensuring maximum performance, strength and protection.

From the sporty 76mm Nudge Bar through to the unmatched strength and reliability of a Big Tube Bar, ECB has a range of frontal protection bars and accessories that are styled to perfectly compliment the Ford Rangers lines, and like the Ranger, they're tough enough to withstand almost anything the urban jungle or nature can dish out.

Not only do ECB protection bars meet Australian Design Rules - each one is also covered by ECB's exclusive Lifetime Warranty for complete peace of mind.

When style, strength and quality are what you are looking for, Insist on genuine ECB products.

- Full Bumper Replacement Design
- Low Mount Winch Compatibility
- 6mm One Piece Channel
- 76mm Centre & 63mm Shoulder Tubes
- LED Indicator/Park Lights
- Optional ECB Bumper Lights

Big Tube™ Winch Bar - Black Ripple Powdercoated Alloy Finish Shown

For the ultimate in frontal protection, you will find it hard to go past the strength, quality and style of the Big Tube™ Winch Bar for the latest Ford Ranger. Manufactured from hi-tensile, structural grade alloy, this no compromise design is engineered to accommodate up to 9500lb low mount Warn winches and is attached to the chassis of the Ranger using a steel mounting system. The hi-tensile, tapered, one-piece full bumper replacement design incorporates LED indicator/park light combinations, air directional cooling vents and trimmed access points for winch controls. Also included is the Quick-Click Wiring Solution. This quick, easy and reliable process will revolutionise the way indicators and fog lights are installed in bullbars. The Quick-Click has your LED indicator/park light and fog light wiring all ready-to-go in a harness - all you need to do is simply plug it in to the existing manufacturers plug which reduces fitting time by around 15 minutes. This is a complete win-win product and is a standard feature on this product.

- Full Bumper Replacement Design
- 6mm One Piece Channel
- 76mm Centre & 63mm Shoulder Tubes
- Fully Welded Gussets
- LED Indicator/Park Lights
- Optional ECB Bumper Lights

Big Tube™ Bar - ADR Compliant - Mirror Polished Alloy Finish Shown

When your looking for the ultimate in vehicle protection, choose the no-compromise reliability of the Big Tube™ Bar. The Big Tube™ Bar is manufactured from hi-tensile, structural grade alloy, featuring a tapered one-piece bumper incorporating a full width, braced lower protection skirt. Air directional cooling vents provide a significant increase in vital cooling to the vehicle. LED indicator/park light combinations, driving light mounting provisions and an aerial bracket are all standard features. The Big Tube™ Bar is a full bumper replacement style bullbar; ensuring a superior fit and a significant increase in vehicle approach angle. Designed and manufactured in Australia, for our harsh conditions, it will never rust or corrode whilst also offering the ECB lifetime Warranty for total peace of mind. Also included as a standard feature is the Quick-Click wiring solution.

Type 8 Bar - Mirror Polished Alloy Finish Shown

The tubular construction of the Type 8 Bar contours perfectly to suit the Ranger's aerodynamic styling. Manufactured from hi-tensile alloy with a 63mm centre tube, the Type 8 Bar provides optimum frontal protection for the bumper, grille and headlights and fits sturdily with a steel mounting system. Driving light mounting provisions are standard inclusions and for a superior low maintenance finish where bugs wash off easily, why not choose from ECB's range of superior, low maintenance powder coated finishes? A durable cost saving alternative to polishing.

- Bumper Protection
- Grill Protection
- Spotlight Mounting Tabs
- 63mm Hi-Tensile Alloy Tubing
- 4.2mm Thick Extruded Tube
- Mandrel Bending Tube Process

63mm Series 2 Nudge Bar - Mirror Polished Alloy Finish Shown

Great sports styling, bumper and grille protection are just a few of the features of this modern and functional 63mm Series 2 Nudge Bar. Formed from hi-tensile alloy tubing with a lower centre tube for maximum radiator protection, this Nudge Bar has equal or better strength than poor quality, thinner sectioned, imported stainless steel products and is up to 50% lighter in weight. Spotlight mounting provisions together with a choice of finishes are standard inclusions.

- Bumper Protection
- Spotlight Mounting Tabs
- 76mm Hi-Tensile Alloy Tubing
- 4.75mm Thick Extruded Tube
- Mandrel Bending Tube Process

76mm Nudge Bar - Mirror Polished Alloy Finish Shown

Impact protection is just one of the benefits of this eye-catching 76mm Nudge Bar. Each ECB nudge bar is designed to suit each individual model; therefore you can be assured of an aesthetically pleasing, functional and reliable design. Designed and manufactured in Australia to suit our harsh Australian conditions, this nudge bar is formed from hi-tensile alloy tubing and will never corrode or rust. This nudge bar comes complete with spotlight mounting tabs and the ECB Lifetime Guarantee.
