

FORD FG FALCON

"LEGENDARY"

Automotive Protection Equipment and Accessories

Whether you're negotiating the hustle and bustle of the city or leaving it far behind, ECB has the right accessory to add style and sports appeal combined with safety and protection.

When it comes to protecting your Falcon it's worth remembering that quality really counts. Genuine ECB products are manufactured from high tensile, structural grades of aluminium ensuring maximum performance, strength and protection.

From the sporty 76mm Nudge Bars through to the strength and reliability of an ECB Big Tube Bar, you're sure to find a frontal protection bar that is styled to perfectly complement the vehicles' lines and tough enough to withstand almost anything the urban jungle or nature can dish out.

Not only do ECB protection bars meet Australian Design Rules, each one is also covered by ECB's exclusive Lifetime Warranty for complete peace of mind.

Whatever your requirements are, you can rely on ECB products for a distinctive individual style, true performance and great value for money.

When style, strength and quality are what you are looking for, insist on genuine ECB products.

Built to Perform, Guaranteed to Last

BIG TUBE BAR

(XT & Ute Models)
Silver Ripple Powdercoated Alloy

When you're looking for the ultimate in vehicle protection, you can depend on the rugged, no compromise reliability of the ECB Big Tube Bar. These stylish Big Tube Bars for the latest FG Falcon are manufactured from high tensile structural grade alloys and feature fully gusseted 63mm shoulder pipes. The tapered, 6mm thick, one-piece bumpers incorporate full width, braced lower protection skirts while a specifically designed three point steel mounting system ensures a neat and sturdy fitment. Indicator/park light combinations, neatly trimmed cooling vents and driving light mounting provisions are all standard features, while optional ECB bumper lights are also available for selected Falcon models. These ECB Big Tube Bars come in a range of superior, low maintenance powdercoated finishes, as well as the ever-popular mirror polished alloy finish. To make sure your sporty Falcon really stands out from the crowd, insist on a genuine ECB Big Tube Bar.

The tubular construction of the Type 8 Bar contours perfectly to suit the latest FG Falcon. Manufactured from high tensile alloys with a 63mm centre tube, this Type 8 Bar provides full frontal protection for the bumper, grille, headlights and fog lights (where fitted). The bar fits sturdily with a steel mounting system, driving light mounting points come as standard features, and full access is available to the vehicles original tow point. To complete a great looking performance product, choose from ECB's range of superior, low maintenance powdercoated finishes, or the ever-popular mirror polished alloy finish.

63mm SERIES 2 NUDGE BAR

Mirror Polished Alloy

Great sports styling, bumper and grille protection are just a few of the features of this modern and functional 63mm Series 2 Nudge Bar for the latest FG Falcon. Designed and manufactured in Australia, this Series 2 Nudge Bar is formed from high tensile alloy tubing and will never corrode or rust, while a lower centre tube provides added protection for the vehicle's delicate cooling equipment. Each ECB Nudge Bar is designed to suit each individual model; therefore you can be assured of an aesthetically pleasing, functional and reliable design. This latest Series 2 Nudge Bar to suit the FG Falcon comes complete with spotlight mounting tabs and is available in a choice of polished or powdercoated alloy finishes.

This 76mm Nudge Bar to suit the latest FG Falcon is a sturdy and practical solution to protecting the front end of your valuable vehicle. As well as providing decent frontal protection against costly bumps and nudges, this Bar also boasts spotlight mounting tabs that will allow the easy fitment of a set of spotlights for those times when standard headlights simply will not project enough light. Formed from high tensile alloy tubing, this Bar will never corrode or rust and it mounts solidly to the chassis of the Falcon via a specifically designed steel mounting system. To ensure there is a finish to suit all tastes, this Bar comes in a choice of polished or powdercoated alloy finishes.
