

Mitsubishi Pajero NW

(10/2011 Models on)

WORLD'S BEST ALLOY BULLBARS

The classy Mitsubishi Pajero deserves the best accessories available. Whether that be for a night on the town, a trip to the gym, cruising the open road or engaging in a little recreational rough stuff. Wherever your Pajero takes you, ECB has the best accessory to add style while helping protect your car and your family.

When it comes to protecting your Mitsubishi Pajero it's worth remembering that only the best will do. Genuine ECB products are manufactured from hi-tensile, structural grades of alloy ensuring maximum performance, strength and protection.

From the sporty 76mm Nudge Bar through to the unmatched strength and reliability of an ECB Arc™ Winch Bar, ECB has a range of frontal protection bars and accessories that are styled to perfectly complement the Mitsubishi Pajero's lines, and like the Mitsubishi Pajero, they're tough enough to withstand almost anything suburbia or nature can dish out.

Not only do ECB protection bars meet Australian Design Rules - each one is also covered by ECB's exclusive Lifetime Warranty for complete peace of mind.

East Coast Bullbars are the Strongest Built, Best Engineered and Australian Made, all components that are required to be the World's Best Alloy Bullbars.

ECB Arc™ Winch Bar - Mirror Polished Alloy Finish Shown

For the ultimate in frontal protection, you can't go past the strength, quality and style of the ECB Arc™ Winch Bar for the latest Mitsubishi Pajero. Manufactured from hi-tensile, structural grade alloy, this no compromise design is engineered to accommodate up to 9500lb low mount Warn winches and is attached to the chassis of the Pajero using a steel mounting system. The hi-tensile, tapered, one-piece bumper cut design incorporates a full width, braced lower protection skirt alongside two lower bash plates for increased protection. The ECB Arc™ Winch Bar incorporates ECB bumper lights, LED indicator/park light combinations, air directional cooling vents and trimmed access points for winch controls. Also included is the Quick-Click Wiring Solution. This quick, easy and reliable process will revolutionise the way indicators and lights are installed in bullbars. The Quick-Click has your LED indicator/park light and fog light wiring all ready-to-go in a harness - all you need to do is simply plug it in to the existing manufacturers plug which reduces fitting time by around 15 minutes.

- Bumper Cut Design
- Low Mount Winch Compatibility
- 6mm One Piece Channel
- 76mm Centre & 63mm Shoulder Tubes
- LED Indicator/Park Lights
- Optional ECB Bumper Lights

ECB Arc™ Bar - Mirror Polished Alloy Finish Shown

When your looking for the best in vehicle protection, choose the reliability of the ECB Arc™ Bar. The ECB Arc™ Bar is manufactured from hi-tensile, structural grade alloy, featuring a tapered one-piece bumper incorporating a full width, braced lower protection skirt. Lower bash plates are supplied to provide additional protection. LED indicator/park light combinations, air directional cooling vents, driving light mounting provisions and an aerial bracket are all standard features. The ECB Arc™ Bar is a bumper cut style bullbar; ensuring a superior fit and a significant increase in vehicle approach angle. Designed and manufactured in Australia, for our harsh conditions, it will never rust or corrode and also offers the ECB Lifetime Warranty for total peace of mind. Also included as a standard feature is the Quick-Click Wiring Solution.

AUSTRALIAN MADE

- Bumper Protection
- Grille Protection
- Headlight Protection
- Aerial Mounting Tab
- 63mm x 4.75mm Centre Tube
- 44mm x 3.25mm Shoulder Tubes

Type 8 Bar - Mirror Polished Alloy Finish Shown

The tubular construction of the Type 8 Bar contours perfectly to suit the Pajero's aerodynamic styling. Manufactured from hi-tensile alloy with a 63mm centre tube, the Type 8 Bar provides optimum frontal protection for the bumper, grille and headlights and fits sturdily with a steel mounting system. Driving light mounting provisions are standard inclusions and for a superior low maintenance finish where bugs wash off easily, why not choose from ECB's range of superior, low maintenance powder coated finishes? A durable cost saving alternative to polishing.

- Bumper Protection
- Grille Protection
- Spotlight Mounting Tabs
- 63mm Hi-Tensile Alloy Tubing
- 4.2mm Thick Extruded Tube
- Mandrel Bending Tube Process

63mm Series 2 Nudge Bar - Mirror Polished Alloy Finish Shown

Great sports styling, bumper and grille protection are just a few of the features of this modern and functional 63mm Series 2 Nudge Bar. Formed from hi-tensile alloy tubing with a lower centre tube for maximum radiator protection, this Nudge Bar has equal or better strength than poor quality, thinner sectioned, imported stainless steel products and is up to 50% lighter in weight. Spotlight mounting provisions together with a choice of finishes are all standard inclusions.

- Bumper Protection
- Spotlight Mounting Tabs
- 76mm Hi-Tensile Alloy Tubing
- 4.75mm Thick Extruded Tube
- Mandrel Bending Tube Process

76mm Nudge Bar - Mirror Polished Alloy Finish Shown

Impact protection is just one of the benefits of this eye-catching 76mm Nudge Bar. Designed and manufactured in Australia to suit our harsh Australian conditions, this nudge bar is formed from hi-tensile alloy tubing and will never corrode or rust. This sporty, sleekly styled 76mm Nudge Bar provides premium strength without the extra weight of steel nudge bars. This nudge bar comes complete with spotlight mounting tabs and the ECB Lifetime Guarantee.
