

"LEGENDARY"

Automotive Protection Equipment and Accessories

Whether you're battling the bitumen or the bush, ECB has a range of quality frontal protection products for your Navara that are sure to suit your every need.

When it comes to protecting your Navara, it's worth remembering that quality really counts. Genuine ECB products are manufactured from high tensile, structural grades of aluminium ensuring maximum performance, strength and protection.

From the sporty 76mm Nudge Bars through to the unmatched strength and reliability of an ECB Arc Winch Bar, ECB has a complete range of frontal protection bars and accessories that are styled to perfectly complement the Navara's lines, and like the Navara they're tough enough to withstand almost anything the urban jungle or nature can dish out.

Not only do ECB protection bars meet Australian Design Rules, each one is also covered by ECB's Exclusive Lifetime Warranty for complete peace of mind.

No matter what your requirements are, you can be assured that the distinctive individual style and true performance of ECB products are the perfect choice for any discerning Navara owner.

When style, strength and quality are what you are looking for, insist on genuine ECB products.

NISSAN NAVARA

ARC BAR / ARC WINCH BAR

ECB have now increased the range of frontal protection products for the Navara with the addition of two new Bumper-cut Arc Bars. Manufactured from high tensile, structural grade alloys, these bars offer maximum protection for the Navara via ECB's new Arc Bar Bumper-cut design. The ECB Arc Bar boasts a specifically designed steel mounting system to ensure a neat and sturdy fitment. The 6mm thick one-piece bumpers incorporate full width, braced 6mm thick lower protection skirts, while 63mm shoulder pipes provide superior protection for the headlights. Standard features include indicator/park light combinations, air-directional cooling vents, spotlight mounting provisions, integrated tow points and an aerial tab. For serious off-road enthusiasts,

BIG TUBE BAR

Looking for the ultimate in vehicle protection? You can depend on the rugged, no compromise reliability of this ECB Big Tube Bar. This sturdy Big Tube Bar wraps around in front of the existing front bumper, ensuring a neat fit and appealing design. The Big Tube Bar is manufactured from high tensile, structural grade alloys and features fully gusseted 63mm shoulder pipes. To ensure the best in vehicle protection the centre channel boasts a tapered 6mm thick one-piece design. A full width, braced lower protection skirt helps to further increase protection. Indicator/park light combinations, air directional cooling vents, driving light mounting points and an aerial bracket are all standard features.

63mm SERIES 2 NUDGE BAR

Great sports styling, bumper and grille protection are just a few of the features of this modern and functional 63mm Series 2 Nudge Bar for the Navara. Designed and manufactured in Australia to suit our harsh Australian conditions, this Series 2 Nudge Bar is formed from high tensile alloy tubing and will never corrode or rust. A lower centre tube provides added protection for the vehicle's delicate cooling equipment, and the bar is mounted solidly to the chassis via a specifically designed steel mounting system. This Navara Series 2 Nudge Bar comes complete with spotlight mounting tabs and is available in a choice of polished or powdercoated alloy finishes.

76mm NUDGE BAR

Impact protection is just one of the benefits of this eye-catching 76mm Nudge Bar to suit the Navara. Designed and manufactured in Australia to protect your vehicle against the harsh Australian environment, this 76mm Nudge Bar is formed from high tensile alloy tubing and will never corrode or rust. This 76mm Nudge Bar comes complete with spotlight mounting tabs and a specifically designed steel mounting system. To complete a greatlooking performance product, choose from ECB's range of superior, low maintenance powdercoated finishes, or the ever-popular mirror polished alloy finish.
