

SSANGYONG ACTYON

"LEGENDARY"

Automotive Protection Equipment and Accessories

When it comes to protecting your Actyon, it's worth remembering that quality really counts. Genuine ECB products are manufactured from high tensile, structural grades of aluminium ensuring maximum performance, strength and protection.

From the sporty 76mm Nudge Bar to the unmatched strength and reliability of an ECB Big Tube Bar, ECB has a complete range of frontal protection bars and accessories that are styled to perfectly complement your Actyon.

Not only do ECB protection bars meet Australian design rules each one is also covered by ECB's exclusive lifetime warranty for complete peace of mind.

No matter what your requirements are, you can be assured that the distinctive individual style and true performance of ECB products are the perfect choice for any discerning Ssangyong owner.

When style, strength and quality are what you are looking for, insist on genuine ECB products.

ECB ARC BAR

ECB is proud to announce the release of the Arc Bar suitable for fitting to the Ssangyong Actyon. Manufactured from high tensile, structural grade alloys, the Actyon Arc Bar provides the absolute maximum in vehicle protection. Combining the ECB Arc Bar Bumper-cut method with a specifically designed steel mounting system ensures a perfect fit while maintaining maximum strength. The 6mm thick one-piece bumpers incorporate full width, braced 6mm thick lower protection skirts, while 63mm shoulder pipes provide superior headlight protection. Standard features include indicator/park light combinations, air-directional cooling vents, ECB Bumper Lights, spotlight mounting provisions, integrated tow points and an aerial tab.

76mm Nudge Bar
Mirror Polished Alloy

76mm NUDGE BAR

The Sporty 76mm Nudge Bar is not just ideal impact protection, it incorporates spotlight mounting tabs for extra lighting and adds a sporty style to the front of your vehicle. This nudge bar is made from 76mm x 4.7mm Structural Grade Alloy, ensuring strength and will never rust compared to much thinner sectioned stainless steel products which do not offer the strength, protection nor durability of a genuine ECB product.
