

## WORLD'S BEST ALLOY BULLBARS

Whether you're cruising the open road or engaging in a little recreational rough stuff, wherever your Toyota Prado takes you, ECB has the best accessory to add style while helping protect your car and your family.

When it comes to protecting your Toyota Prado it's worth remembering that only the best will do. Genuine ECB products are manufactured from hi-tensile, structural grades of aluminium ensuring the best performance, strength and protection.

From the sporty 76mm Nudge Bar through to the unmatched strength and reliability of an ECB Arc™ Winch Bar, ECB has a range of frontal protection bars and accessories that are styled to perfectly compliment the Toyota Prado's lines, and like the Toyota Prado, they're tough enough to withstand almost anything suburbia or nature can dish out.

Not only do ECB protection bars meet Australian Design Rules - each one is also covered by ECB's exclusive Lifetime Warranty for complete peace of mind.

East Coast Bullbars are the Strongest Built, Best Engineered and Australian Made, all components that are required to be the World's Best Alloy Bullbars.

### ECB Arc™ Winch Bar

Mirror Polished Alloy Finish Shown

For the best in frontal protection for the Toyota Prado, you can't go past the strength, quality and distinctive style of the ECB Arc™ Winch Bar. Manufactured from hi-tensile, structural grade alloy, the one piece channel features 6mm thick construction, which is further reinforced with a full width, braced lower protection skirt. For serious off road enthusiasts, this ECB Arc™ Winch Bar will accommodate up to a 9,500lb Warn & Mean Mother low mount winch to help you get anywhere. Standard features include a 76mm x 4.75mm centre tube, fully gusseted 63mm x 4.2mm shoulder tubes, ECB bumper lights, LED indicator/park light combinations, air directional cooling vents, spotlight mounting provisions and an aerial tab.

## Toyota Prado (MY14)

### 76mm Series 2 Nudge Bar Mirror Polished Alloy Finish Shown

- Bumper & Radiator Protection
- Spotlight Mounting Tabs
- 76mm Hi-Tensile Alloy Tubing
- 4.75mm Thick Extruded Tube
- Mandrel Bending Tube Process

Great sports styling alongside premium bumper and grille protection are just a few of the features of this tough and practical 76mm Series 2 Nudge Bar. Formed from hi-tensile alloy tubing with a lower centre tube for maximum radiator protection, this heavy duty nudge bar utilises 76mm x 4.75mm thick tube to create the best protection compared to the strength of poor quality, thinner sectioned, imported stainless steel products and is up to 50% lighter in weight. Spotlight mounting provisions together with a choice of finishes are all standard inclusions.

- 4.75mm Thick Extruded Tube
- Mandrel Bending Tube Process

Impact protection is just one of the benefits of this eye-catching 76mm Nudge Bar. Each ECB nudge bar is designed to suit each individual model; therefore you can be assured of an aesthetically pleasing, functional and reliable design. Designed and manufactured in Australia to suit our harsh Australian conditions, this nudge bar is formed from hi-tensile alloy tubing and will never corrode or rust. This nudge bar comes complete with spotlight mounting tabs and is covered by the exclusive ECB Lifetime Warranty.
