

## "LEGENDARY"

Automotive Protection Equipment and Accessories

Whether you're battling the bitumen or the bush ECB has a range of quality protection equipment for your Landcruiser that is sure to suit your needs.

When it comes to protecting your Landcruiser, it's worth remembering that quality really counts. Genuine ECB products are manufactured from high tensile, structural grades of aluminium ensuring maximum performance, strength and protection.

From the sporty 76mm Nudge Bars through to the unmatched strength and reliability of an ECB Big Tube Bar, ECB has a complete range of frontal protection bars and accessories that are styled to perfectly complement the Landcruiser's lines, and like the Landcruiser, they're tough enough to withstand almost anything the urban jungle or nature can dish out.

Not only do ECB protection bars meet Australian design rules, each one is also covered by ECB's exclusive lifetime warranty for complete peace of mind.

What ever your requirements are, you can rely on ECB products for a distinctive individual style, true performance and great value for money.

When style, strength and quality are what you are looking for, insist on genuine ECB products.

*Built to Perform - Guaranteed to Last!*

*When you compare **ECB** there really is a difference*

# TOYOTA LANDCRUISER 100 SERIES

**BIG TUBE BAR**  
Silver Hammertone  
Powder Coated Alloy

**BIG TUBE BAR**  
Silver Ripple Powder Coated Alloy - With Optional Winch Integration (Fitted with ECB Bumper Lights. Standard on Sahara models, optional on all other L/C models.)

When you're looking for the ultimate in vehicle protection, you can depend on the rugged, no compromise reliability of the ECB Big Tube Bar. This BTB is manufactured from high tensile, structural grade alloys and is engineered to optionally accommodate the installation of low mount winches. The tapered one - piece bumper incorporates a full width, braced Lower Protection Skirt, while the specifically designed steel mounting system ensures a neat and sturdy fitment. Fully gusseted 63mm headlight tubes, Indicator/Park Light Combinations, Air Directional Cooling Vents, Driving Light mounting points and an Aerial Bracket are all standard features. To complete a great looking performance product, why not choose from ECB's range of superior, low maintenance powder coated finishes? *A durable cost saving alternative to polishing.*

### XTREME BAR

The all-new Xtreme Bar offers the ultimate in life style opportunities giving you the freedom for all kinds of adventures. Whilst retaining the features and benefits that ECB is renowned for, this new dimension of style and design provides a high level of vehicle protection in a modern, distinctive Protection Bar. This Xtremely stylish Protection Bar comes complete with ECB Bumper Lights. Choose from a range of finishes.

### TYPE 8 BAR (IFS models only)

The tubular construction of the Type 8 Bar contours perfectly to suit the Landcruiser's aerodynamic styling. Manufactured from high tensile alloys, the Type 8 Bar provides optimum frontal protection for the bumper, grille and headlights and fits sturdily with a steel mounting system. Driving light mounting provisions are standard inclusions. Choose from a range of finishes.

### 63MM SERIES 2 NUDGE BAR (IFS models only)

Great sports styling, bumper and grille protection are just a few of the features of this modern and functional 63mm Series 2 Nudge Bar. Formed from high tensile alloy tubing with a lower centre tube for maximum radiator protection, this Nudge Bar has equal or better strength than poor quality, thinner sectioned, imported stainless steel products and is up to 50% lighter in weight. Spotlight mounting provisions together with a choice of finishes are standard inclusions.

### 76MM NUDGE BAR

Impact protection is just one of the benefits of this eye-catching Nudge Bar. Designed and manufactured in Australia to suit our harsh Australian conditions, this 76mm Nudge Bar is formed from high tensile alloy tubing and will never corrode or rust. It also has equal or better strength than poor quality, thinner sectioned, imported stainless steel products and is up to 50% lighter in weight. Each ECB Nudge Bar is designed to suit each individual model; therefore you can be assured of an aesthetically pleasing, functional and reliable design. The 76mm Nudge Bar comes complete with spotlight mounting provisions, together with a choice of polished or powder coated alloy finishes.

### SERIES 2 ROOF RACK

Silver Hammertone Powder Coated Alloy

*\*Illustrated with optional fishing rod holders/carry racks*

A Series 2 Roof Rack is the answer when safe and reliable extra load carrying is required. The high tensile alloy construction wont rust and offers the strongest possible load capacity with the lightest weight design. The Series 2 Roof Rack features a built in wind deflector and is supplied with robust stainless steel mounting brackets and fitting hardware. Choose from a range of powder coated finishes.
