

TOYOTA RAV 4

"LEGENDARY"

Automotive Protection Equipment and Accessories

The versatile RAV4 provides many different life style opportunities. A night on the town, a trip to the gym, cruising the open road or engaging in a little recreational rough stuff. Wherever your RAV 4 takes you, ECB has the right accessory to add style while helping protect your car and your family.

When it comes to protecting your RAV4 it's worth remembering that quality really counts. Genuine ECB products are manufactured from high tensile, structural grades of aluminium ensuring maximum performance, strength and protection.

Whether it's a stylish and sporty 76mm Nudge Bar or the strength and reliability of an ECB Big Tube Bar or Type 8 Bar, you're sure to find a frontal protection bar perfect for you. Each bar is designed to complement the RAV4's style while remaining tough enough to withstand almost anything suburbia or nature can dish out.

ECB protection bars conform to all Australian design and safety rules. Each ECB bar is also covered by ECB's exclusive lifetime warranty for complete peace of mind.

When style, strength and quality are what you are looking for, insist on genuine ECB products.

When you compare **ECB** there really is a difference

BIG TUBE BAR

When you're looking for the ultimate in vehicle protection, you can depend on the rugged, no compromise reliability of the ECB Big Tube Bar. Designed for 10/08 on models of the Toyota RAV 4 the Big Tube Bar wraps around in front of the existing front bumper bar, ensuring a neat fit and appealing design. This Big Tube Bar is manufactured from high tensile, structural grade alloys and features fully gusseted 63mm headlight tubes. The tapered one-piece bumper incorporates a full width, braced Lower Protection Skirt while a specifically designed, dual location steel mounting system ensures a neat and sturdy fitment, to either 4 or 6 cylinder

vehicles, for the ultimate in protection. The tow points have now been relocated to below the bumper. ECB bumper light fitment, indicator / park light combinations, air directional cooling vents, driving light mounting points and an aerial bracket are all standard features. Available in polished or a range of powdercoated finishes.

TYPE 8 BAR

The tubular construction of the Type 8 Bar contours perfectly to suit the RAV4's aerodynamic styling. Manufactured from high tensile alloys, the Type 8 Bar incorporates lower braces providing additional loop support for optimum frontal protection. A steel mounting system ensures a neat and sturdy fitment while driving light mounting provisions are standard
