

LANDCRUISER PRADO

"LEGENDARY"

Automotive Protection Equipment and Accessories

A tough Toyota Landcruiser Prado demands tough accessories, and ECB have the perfect products for the task. Whether your cruising the open road or engaging in some recreational rough stuff, wherever your Prado takes you, ECB has the right accessory to add style and sports appeal combined with safety and protection.

When it comes to protecting your vehicle it's worth remembering that quality really counts. Genuine ECB products are manufactured from high tensile, structural grades of alloy ensuring maximum performance, strength and protection.

From the sporty 76mm Nudge Bar up to the strength and reliability of an ECB Arc Winch Bar, you're sure to find a frontal protection bar that is styled to perfectly complement your Prado and is tough enough to withstand almost anything the urban jungle or nature can dish out.

Not only do ECB protection bars meet Australian Design Rules, each one is also covered by ECB's Exclusive Lifetime Warranty for complete peace of mind.

Whatever your requirements are, you can rely on ECB products for a distinctive individual style, true performance and great value for money.

When style, strength and quality are what you are looking for, insist on genuine ECB products.

Built to Perform, Guaranteed to Last

ECB Arc Bar & ECB Arc Winch Bar

Enter the ECB Arc Bar, the flagship in Prado frontal protection equipment. Manufactured from high-tensile, structural grade alloys and specifically engineered for the Toyota Prado, the ECB Arc Bar provides the absolute maximum in frontal protection. Featuring a one-piece, 6mm high tensile bumper with full lower protection skirt, and welded and gusseted shoulders pipes the ECB Arc Bar provides superior protection. The ECB Arc Bar fits to the vehicle using the bumper-cut technique, allowing the fit to be as tight and strong as possible, while also increasing the vehicle's approach angle. For Prado's featuring parking sensors, the ECB Arc Bar also comes in parking-sensor compatible models. None of the Prado's safety features are inhibited by the installation of an ECB Arc Bar. Under body protection is afforded by three lower bash plates which also protect the delicate cooling equipment. Standard inclusions of the ECB Arc Bar include spotlight mounting provisions, air directional cooling vents, indicator/parklight combinations, ECB driving lights and the ECB lifetime warranty. All ECB products are ADR compliant and air bag compatible.

BIG TUBE WINCH BAR
Mirror Polished Alloy

Big Tube Bar & Big Tube Winch Bar

The astute Prado owner will find it hard to go past the unmatched strength, quality and style of the ECB Big Tube Bar. Manufactured from high tensile, structural grade alloys and complete with fully gusseted 63mm headlight tubes and a specifically designed steel mounting system the Prado Big Tube Bar provides superior frontal protection. Automotive grade infill mouldings enhance the tapered, one-piece bumper which incorporates a full width, braced, lower protection skirt and under guard for added radiator protection. ECB fog light fitment, ADR specification, indicator/park light combinations, air directional cooling vents and driving light mounting points are all standard features.

76mm Series 2 Nudge Bar
Mirror Polished Alloy

76mm Series 2 Nudge Bar

A perfect combination of bumper and grille protection, mixed with sleek, sports styling. Manufactured from high tensile, structural grade alloys and using a thick, 76mm diameter tube, this superior quality alloy nudge bar offers superior strength at a much lower weight than stainless steel nudge bars. Designed in Australia, for our harsh Australian conditions, it will never rust or corrode. The 76mm Series 2 Nudge Bar is fully compatible with all safety features of the Prado, such as parking sensors. A lower centre tube provides superior protection for the underbody and delicate cooling equipment. Standard features of the 76mm Series 2 Nudge Bar include driving light mounting points and the ECB lifetime Guarantee, for total peace of mind.

(03/03 - 10/09 Models)
63mm Series 2 Nudge Bar
Mirror Polished Alloy

63mm Series 2 Nudge Bar

These modern and functional 63mm Series 2 Nudge Bars provide great sports styling and have the height advantage to offer bumper and grille protection. Formed from high tensile alloy tubing, the 63mm Series 2 Nudge Bars have equal or better strength than poor quality, thinner section, imported stainless steel products and are much lighter in weight. Standard features include driving light mounting points and the ECB lifetime Guarantee, for total peace of mind.

76mm Nudge Bar

The ECB 76mm Nudge Bar, designed specifically for the Toyota LandCruiser Prado provides an excellent combination of bumper protection and sleek design. For protection from bumps and nudges around the city, look no further than the 76mm Nudge Bar. Manufactured from high tensile, structural grade alloys, this superior quality alloy nudge bar offers superior strength at a much lower weight than steel nudge bars. Designed in Australia, for our harsh Australian conditions, it will never rust or corrode. The 76mm Nudge Bar is fully compatible with all safety features of the Prado, such as the parking sensors. Standard features of the 76mm Nudge Bar include driving light mounting points and the ECB lifetime Guarantee, for total peace of mind.
