TYPE 8 BAR

The tubular construction of the Type 8 Bar contours perfectly to suit the latest Subaru Forester's unique styling. Manufactured from high tensile alloys with a 63mm centre tube, this Type 8 Bar provides full frontal protection for the bumper, grille, headlights and fog lights and fits sturdily with a steel mounting system. Driving light mounting provisions are standard inclusions, and to further increase the strength of the bar, mig-welded gussets are attached to the lower side tubes. To complete a great looking performance product, choose from ECB's range of superior, low maintenance powdercoated finishes, or the ever-popular mirror polished alloy finish.
