

"LEGENDARY"

Automotive Protection Equipment and Accessories

Whether you're negotiating the hustle and bustle of the city or cruising the open road in your Kluger, ECB has the right accessory to add style and sports appeal combined with safety and protection.

When it comes to protecting your vehicle it's worth remembering that quality really counts. Genuine ECB products are manufactured from high tensile, structural grades of aluminium ensuring maximum performance, strength and protection.

From the sporty 76mm Nudge Bars through to the strength and reliability of an ECB Big Tube Bar, you're sure to find a frontal protection bar that is styled to perfectly complement the vehicles lines and tough enough to withstand almost anything the urban jungle or nature can dish out.

Not only do ECB protection bars meet Australian Design Rules, each one is also covered by ECB's Exclusive Lifetime Warranty for complete peace of mind.

Whatever your requirements are, you can rely on ECB products for a distinctive individual style, true performance and great value for money.

When style, strength and quality are what you are looking for, insist on genuine ECB products.

Built to perform, Guaranteed to last.

TOYOTA KLUGER

When you're looking for the ultimate in vehicle protection, you can depend on the rugged, no compromise reliability of the ECB Big Tube Bar. This new dimensional Big Tube Bar for the latest Toyota Kluger wraps around in front of the existing front bumper bar, ensuring a neat fit and appealing design. This Big Tube Bar is manufactured from high tensile, structural grade alloys and features fully gusseted 63mm headlight tubes. The tapered one-piece bumper incorporates a full width, braced, lower protection skirt while the specifically designed steel mounting system ensures a neat and sturdy fitment. Uniquely designed for the Kluger, the lower protection skirt provides two access points to the original tow mounts. ECB bumper light fitment, indicator /

park light combinations, air directional cooling vents, driving light mounting points and an aerial bracket are all standard features. To complete a great looking performance product, choose from ECB's range of superior, low maintenance powdercoated finishes. A durable cost saving alternative to polishing.

The tubular construction of the Type 8 Bar contours perfectly to suit the Kluger's aerodynamic styling. Manufactured from high tensile alloys, the Type 8 Bar incorporates lower braces providing additional loop support for optimum frontal protection. A steel mounting system ensures a neat and sturdy fitment while driving light mounting provisions are standard inclusions. For a superior low maintenance finish where bugs wash off easily, choose from ECB's range of superior low maintenance powdercoated finishes.
