

## NBT250SY / NB7T250SY

REPLACES: 03.06.16  
REVISED: 30.03.21

### FITTING INSTRUCTIONS

#### TOYOTA LANDCRUISER 200 SERIES 01/16on 76mm NUDGE BAR and 76mm SERIES 2 NUDGE BAR VEHICLE FRONTAL PROTECTION SYSTEM (VFPS) FOR AIR BAG & ADR COMPLIANT VEHICLES

*Ensure these instructions are left with the vehicle owner and/or operator.*

Check installation hardware before commencing.

1. From underside of vehicle, remove tow hooks, four 17mm head bolts (2 per side). **See figure 1.**
2. Using a sharp knife, trim front from the plastic under body shields. **See figure 2 and 3.**
3. Using four M12 x 55 bolts, spring washers and flat washers (supplied), fit ECB Steel mounting brackets (supplied) to vehicle through original tow hook assembly back to original holes in chassis rail. **Securely tighten only. See figure 4.**
4. Align mounts to match inner measurements of protection bar.
5. Fit protection bar to mounts using two M10 X 40 bolts, flat washers, spring washers and nuts (supplied) in rear holes and two M10 x 40 bolts and washers on wire, flat washers, spring washers and nuts (supplied) in front holes.
6. Align ECB protection bar to vehicle. **See figures 5 and 6** for 76mm Nudge Bar and **figures 7 and 8** for 76mm Nudge Bar.
7. **Tighten all bolts.**

#### ENSURE NUMBER PLATE IS CLEARLY VISABLE

**Note:** When fitting/refitting the licence plate to the vehicle, ensure there is no obstruction to licence plate vision in accordance with local authorities. If required relocate licence plate to an alternate location.

#### Further VFPS Notes:

- a) Do not attach VFPS to the vehicle using anchorages not intended for this purpose (e.g. engine mounting bolts).
- b) Do not use this product for any vehicle make or model, other than those specified by the VFPS manufacturer.
- c) Do not remove the plaque or label from the VFPS.
- d) Do not modify the structure of the VFPS in any way.
- e) No accessory or fitment should project forward of the VFPS forward profile.
- f) **ENSURE THESE INSTRUCTIONS ARE LEFT WITH VEHICLE OWNER AND/OR OPERATOR.**

#### IMPORTANT INFORMATION

Periodically check bolts and nuts for correct tightness, especially if travelling on rough roads

## *Thank you for purchasing an ECB Product*

Please ensure that you read the below and complete the warranty registration.

## **Vehicle Owner / Operator Responsibilities and Product Care**

### **Important Information**

It is the responsibility of the vehicle owner and operator to ensure all nuts and bolts are checked periodically, especially when travelling on corrugated roads. Please ensure these are tightened as per the steps in the provided fitting instructions.

While ECB products are manufactured from high tensile alloy the vehicle owner / operator must check any steel mounting brackets or steel auxiliary parts for signs of corrosion. If you find any corrosion, please contact ECB Pty Ltd to discuss an appropriate solution – 1800 069 145 or [www.ecb.com.au](http://www.ecb.com.au).

## **Product Care**

### **Polished Products**

Being a premium mirror polished finish, regular maintenance will be required to keep that iconic ECB shine. We recommend using our own brand of Aluminium Polish. This formula has been tried and tested and in our opinion is the world's best standard.

Directions: Apply a small quantity of Aluminium Polish to a clean soft cloth and rub the metal surface. The longer the rubbing the brighter the surface becomes. Wipe off Aluminium Polish with clean soft cloth. Also suitable for motorised buffing machines. Note: There are more specific details on the polish bottle. Please read before use.

### **Powder Coated Products**

Our powder coated finishes are very low maintenance. In fact, there is actually very little you will ever need to do for this product. Just clean it as you would your car and it will stay looking good as new.

### **ECB Aluminium Polish**

When you're looking for that showroom finish look for your polished automotive products, you can depend on the no compromise quality of East Coast Bullbars Aluminium Polish. This specifically designed product is the best polish available and we guarantee that this \$#!+ works. Within our decades of manufacturing polished alloy products, we have trialled a large range of different polishes on the market and believe without a doubt that nothing beats the finish quality of East Coast Bullbars Aluminium Polish.

East Coast Bullbars Aluminium Polish is excellent for use by hand and is ideal for polished bullbars, nudge bar and stainless-steel products. This polish will clean, polish and protect your product from the elements whilst bringing your products back to that showroom finish look.
