FITTING INSTRUCTIONS

EF/EL SEDAN/WAGON & XH UTE TYPE 8, MIDI TUBE and 76mm NUDGE BAR VEHICLE FRONTAL PROTECTION SYSTEM (VFPS) FOR AIR BAG & ADR COMPLIANT VEHICLES

Check installation hardware before commencing.

1. Attach the steel mounting brackets (supplied) to the outside of the tie-down eyes. Use 3/8 x 1 ½ bolts/nuts (supplied).

NOTE: Place the 40mm alloy washers (supplied) over the holes on the inside of the tie-down eyes.

2. Push the front of the mounts up until the angle mounting brackets contact the chassis, the **TIGHTEN REAR BOLTS TO HOLD IN POSITION.**

NOTE: This will force the plastic underside of the bumper to move upwards in order to gain extra ground clearance. Alternately you may cut the underside of the bumper to allow clearance.

3. Ensure mounting brackets are evenly spaced each side of the centre of the vehicle and at the correct distance apart (Protection bar attaches to the inside of the steel mounts). Using the front holes in the mount as a guide, drill a 3/8 hole through the chassis.

NOTE: TREAT ALL EXPOSED METAL with paint or rust inhibitor.

4. Insert 3/8 x 1 ½ bolts with wire attached (supplied) down through drilled hole and mount. Attach washers/nuts (supplied) and **TIGHTEN IN POSITION.**
5. Attach ECB protection bar to the mounts. Use 3/8 x 1 ½ bolts/nuts (supplied).
6. Align ECB protection bar with vehicle and **TIGHTEN ALL BOLTS.**

NOTE: Type 8 bullbar is designed to lay back following the vehicle contour.

ENSURE NUMBER PLATE IS CLEARLY VISABLE

Note: When fitting/refitting the licence plate to the vehicle, ensure there is no obstruction to licence plate vision in accordance with local authorities. If required relocate licence plate to an alternate location.

Further VFPS Notes:

- a) Do not attach VFPS to the vehicle using anchorages not intended for this purpose (e.g. engine mounting bolts).
- b) Do not use this product for any vehicle make or model, other than those specified by the VFPS manufacturer.
- c) Do not remove the plaque or label from the VFPS.
- d) Do not modify the structure of the VFPS in any way.
- e) No accessory or fitment should project forward of the VFPS forward profile.
- f) **ENSURE THESE INSTRUCTIONS ARE LEFT WITH VEHICLE OWNER AND/OR OPERATOR.**

IMPORTANT INFORMATION

Periodically check bolts and nuts for correct tightness, especially if travelling on rough roads

We value your comments

Dear Fitter,

ECB would like to know how you went with the installation of this product. We value your comment and may need to contact you to clarify some details so please complete your contact details clearly.

We would appreciate if you could complete as many of the following details as possible.

Your Name:	Your contact No.
Product Part No.	Product Invoice No.
Product Description:	Make, model, and year of vehicle:
Product Work Order No.	Company your from/Company product purchased from:

Was the fitting hardware supplied complete? Yes No
☐ ☐

If no what was not supplied

Did the installation go well? Yes No
☐ ☐

Please provide comments

Please draw diagrams if you need to.
